Erica Smith

The Coalition for Public Safety Training in Schools, Inc.

My name is Erica Smith. I have been employed by Prince George's County Public Schools as a Security Assistant, since 2013. Prior to my employment with PGCPS, was employed by the DC Fire Department as a Paramedic for 10 years.

I enjoy baking, crafting, and reading. During my time with PGCPS I have taken great pride in making a difference in the lives of our students. Whether it is just listening to them when no one else does or being a friendly face when they need it. For the last 19 years I have operated an at home cake business. I'm a self-taught baker who has perfected my skills over the years. I have also found a love for crafting and designing.

Attended Prince George's County Community College where I obtained an Associates Degree in Criminal Justice. I obtained numerous training for PGCPS gang task force, social media monitoring, and camera detection.
